

THE World University Rankings 2019 by Subject: Engineering and Technology

Following Covenant's debut in the Times Higher Education World University Ranking 2019, where she ranked 601-800 globally

Following Covenant's debut in the Times Higher Education World University Ranking 2019, where she ranked 601-800 globally; Covenant has featured in two subject rankings among World class higher institutions. Earlier in November, Covenant entered the Subject Rankings for the first time in the Business and Economics subject category ranking 501+ globally. Furthermore, in the recently released Engineering subject ranking, Covenant emerged in the 501-600 category, among the global Elite in higher education. This is a welcome development in Nigeria, noting that Covenant is the only university ranked by subject in the country, and notably the regional leader in all her featured subject categories as well.
